## PATENT ASSIGNMENT

Whereas, WuliWeb, Inc., a Delaware corporation having a principal business address at 1265 Birchwood Drive, Sunnyvale, California, 94089 (the "Assignor") is the sole owner of record of the inventions listed on Schedule A and for which letters patent have been issued or for which patent applications have been filed, as set forth on attached Schedule A;

and

Whereas, AirClic WW Acquisition Corp., a Delaware corporation, having a principal business address AT 512 Township Line Road, Building #5, Suite 200, Blue Bell, Pennsylvania 19422 (the "Assignee") is desirous of acquiring the entire right, title and interest in and to the inventions listed on Schedule A in all countries throughout the world, the letters patent and patent applications listed on Schedule A, and any patents to be issued thereupon, in all countries throughout the world;

Now, therefore, Pursuant to Paragraph 2.1 (a) of the Asset Purchase Agreement entered into between the parties on June 13, 2001 and for other good and valuable consideration, the receipt and adequacy of which the parties acknowledge, Assignor does hereby sell, assign and transfer to Assignee, its lawful successors and assigns, subject to an existing security interest in favor of AirClic, Inc. a Delaware corporation, Assignor's entire right, title, and interest in and to the inventions, patents, and applications listed on Schedule A hereto, and all divisions, and continuations thereof, and all Letters Patent of the United States which may be granted thereon, and all reissues thereof, and all rights to claim priority on the basis of such applications, and all applications for Letters Patent which may hereafter be filed for these inventions in any foreign country and all Letters Patent which may be granted on this invention in any foreign country, and all extensions, renewals, and reissues thereof; and the Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks of the United States and any official of any foreign country whose duty it is to issue patents on applications as described above, to issue all Letters Patent for this invention to Assignee, its successors and assigns, in accordance with the terms of this Assignment;

Assignor covenants that it has the full right to convey the interest assigned by this Assignment and that it has not executed and will not execute any agreement in conflict with this Assignment;

Assignor further covenants and agrees that it will, without further consideration, communicate with Assignee, its successors and assigns, any facts known to it respecting the inventions and testify in any legal proceeding, sign all lawful papers when called upon to do so, execute and deliver any and all papers that may be necessary or desirable to perfect the title to this invention in said Assignee, its successors or assigns, execute all divisional, continuation, and reissue applications, make all rightful oaths and generally cooperate with the efforts of Assignee, its successors and assigns, to obtain and enforce proper patent protection for this invention in the United States and any foreign country, it being understood that any expense incident to the execution of such papers shall be borne by the Assignee, its successors and assigns.
